**November 2nd 2017: Family and Friends living
with Autism- How it affects their lives**

Families are important and when something affects one member of the family, it affects them all. Our guests today share at least one DEFINING MOMENT and their experiences with Autism will change your life forever. Each lives with Autism daily. WHAT IS AUTISM?— Autism spectrum disorder, which includes a range of disorders from autism to Asperger syndrome, is a development brain disorder, not a mental illness. Like most children with this developmental brain disorder, the twins were born “perfect,” Candi says. How their lives changed when the boys turned 18 months old will
