Task Force 7 Cyber Security Radio
Monday at 5 PM Pacific
December 11th 2017: Ep. 12: Does Every Company Need a CISO?

Special Guest Mark Clancy, one of the most well known Cyber Security professionals in the world, talks about the role of the CISO in every organization and the worldwide scramble for firms to find the talent they need to protect their networks, their data, and their intellectual property. Clancy defines the role of the CISO and discusses the genesis companies go through in hiring their first CISO. Why do companies look to replace existing security leaders? Where should the CISO sit in most organizations? How has the role of the CISO changed over the last few years? How do we define the
