February 22nd 2018: Encore: Business Impact
Analysis: Tips and Slips When Performing a BIA

One of the most important aspects of building a Business Continuity or Disaster Recovery Program is ensuring the quality of planning and execution of a Business Impact Analysis (BIA). The BIA is the foundation upon which a strong program is built. Leveraging information contained within his book "Business Impact Analysis: Building the Foundation for a Strong Business Continuity Program", Alex Fullick will take us through some of the trips and slips that many BCM/DR practitioners encounter when performing a BIA and what the impact of these slips have on the program. Alex will share not
