**January 22nd 2018: Flu vaccine and flu
epidemic, corporate and government cynicism**

Despite the huge success of the flu vaccination programs across the United States, including huge and universal coercion by medical, academic, military and employers, there is an immense "epidemic" of flu in all 50 states. Emergency rooms are filled to overflowing, temporary shelters have been pressed into service, and there has even been publicity about vaccine shortages. What is going on? If the number of people who have been vaccinated is at an all-time high, why is flu spreading at such a high rate? We have spoken on this program in the past about vaccines not being tested for safety a
