February 13th 2018: Are you ready for rise of the contingent workforce?

As the contingent workforce increases globally, the employment market is changing. Results from Deloitte's 2015 Global Human Capital Trends report indicates that eight out of 10 respondents believe demand for skills is driving a trend toward greater use of contingent workers. Countries such as the US are leading the way. A recent report from the US Government Accountability Office estimates that just over 40% of the country's workforce is made up of contingent workers and this is expected to grow to 50% by 2020. In Australia, contingent workers are believed to comprise around 30% of the ma
