March 23rd 2018: Your Healing Garden; Feng
Sui for Healing

Feng Shui is both an art and a science based on the interpretation of the natural world and the study of movement, which enables us to create environments which support our hopes, wishes, dreams and intentions. In we connect to the energy of the spaces around us to bring about desired changes in our life. The single factor, which sets Feng Shui apart from other philosophical systems, is that it has the capacity for change built into it. Guest, Kac Young will be describing some of the ways Feng Shui can be used for the garden to improve the flow of energy for both the garden and the gardene
