March 30th 2018: Many Areas of InfoSec and Privacy Expertise? Make Them Your Career!

Many information security & privacy pros and career advisors give advice that you should focus on one specialty to be successful. While that may be best for some, I can testify that it does not apply to everyone! You can absolutely be successful doing many different types of specialties, at any age or period of your career, if those are your passions. My guest is the epitome of successfully pursuing a love of many, widely different areas of expertise as a career. Linda Cadigan, a highly accomplished information security and privacy pro and expert, discusses how so many of us love to work a
