Innovating Leadership, Co-Creating Our Future
Tuesday at 11 AM Pacific
August 28th 2018: Accelerating Change: DevOps, Agile, Lean and Culture of Innovation

Guru builds on prior interviews discussing agility, lean and a culture of learning. During this show he discusses how DevOps is transforming the pace of development at Nationwide IT, continuously improving the company's competitive advantage while meeting consumer demands. Guru shares real-life experiences of leading this transformation across several application development and maintenance efforts, while highlighting the integration of Agile and Lean practices and the importance of lean leadership. During this conversation Maureen and Guru explore the implications of using the Dev O
