

Technology Revolution: The Future of Now
Wednesday at 8 AM Pacific/11 AM Eastern
March 6th 2019: The Future of Equality in
Business, Technology and Innovation.

The buzz: “The test for whether or not you can hold a job should not be the arrangement of your chromosomes” (Bella Abzug). Organizations from the UN to university clubs have been trying to secure a world of equality in business for years. Initiatives like the UN Women Global Innovation Coalition for Change (GICC), WiDS and FQ (Female Quotient) have created a vast ecosystem matrix focused on creating change. But how and where is it happening? In honor of International Women’s Day, our panel will discuss where things stand and what is needed to accelerate change. The experts speak. Anita Varsh
