Data Security and Privacy with the Privacy Professor

New shows the first Saturday of each month at 8 AM Pacific

March 12th 2019: Amazing Cryptography and Codebreaker Pioneer: Elizebeth Friedman

Elizebeth Smith Friedman was an amazing cryptography expert and codebreaker who changed the course of World War II. She also used her groundbreaking work to bust international smuggling & drug running throughout the world. In this episode we discuss some of the valuable contributions Ms. Friedman made to cybersecurity that, until only recently, were overlooked and unappreciated. • What are the major successes and accomplishments of Elizebeth Friedman? • In what ways would history would have been changed if Elizebeth Friedman had not made her contributions? • What is something surprising
