

Task Force 7 Cyber Security Radio  
Monday at 5 PM Pacific  
March 11th 2019: Ep. 75: Why Is The NIST Framework Important

Special guest Ben Brooks, Special Intelligence and Electronic Warfare Veteran and current Vice President of Cyber Security consulting firm Beryllium, appears on Episode #75 of Task Force 7 Radio to talk about the importance of the NIST Framework, what gaps need to be filled to defend against the ever increasing sophistication of cyber attacks, the security of cloud infrastructures, and the impact of artificial intelligence on the cyber security industry. Brooks also gives his opinion on whether or not the United States is in a Cyber War, what the average person can do strengthen their per
