

**Task Force 7 Cyber Security Radio**  
**Monday at 5 PM Pacific**  
**May 6th 2019: Ep. 83: Securing a Trillion Dollar Blockchain Market**

Professor David Schwed, the Director of the Cybersecurity Program at the Katz School of Science and Health at Yeshiva University, appears on Episode #83 of TF7Radio to discuss the security of blockchain technology. Professor Schwed talks about the main attack vectors and tactics that are used to compromise blockchain based assets, the methods used to achieve secure cold transactions vs. hot transactions, what are the most underplayed or unaddressed security vulnerabilities with blockchain technology, and is it possible to have both security and convenience at the same time. Professo
