June 13th 2019: Dr. Daniel Fisher: Creating Recovery Communities

Dan will describe the essential aspects of recovering his life through a lived experience of recovery from a severe mental health condition. He will also share his experiences as a peer, a family member, a researcher, a psychiatrist and an advocate. In each dimension of lived experience, Dan has learned the importance of connecting at an emotional level as a bridge across diverse beliefs and roles. Dan and several other peers started the National Empowerment Center in 1992 and helped define the components of recovery. During the last 11 years, Dan and a team of 20+ peers have been developing

Dr. Daniel Fisher

While carrying out neurochemical research at the National Institute of Mental Health, Dan was labeled with schizophrenia, then recovered a full life in the community through loving relationships and peer support.
