June 10th 2019: Embracing Uncertainty

Sean Romero and Zofia discuss the paradox of how embracing uncertainty, discomfort and change are the path to finding true inner peace. They explore how their own growth paths have required them to not just to be uncomfortable, but to actively seek out discomfort as that is the sign post to the next stage of growth. They also share examples of how success isn't gained by doing everything right, but failing forward on the way to success.
