**October 1st 2019: Encore: Transportation  
Technology and Innovation - Can we really do  
this?**

Technology and Innovation has exploded in the Transportation Industry. Just in my lifetime I have seen the big muscle cars to now, self-driving cars. Who doesn't like to see a fast car or the new models that come off the assembly line. How many of us just look in wonderment, then ask our self, what if I own that car? Our next show, we will interview Alex Davies a writer and senior associate editor for Wired magazine focus on the transportation industry. Yes, get your questions ready and try not to be shocked as technology and innovation revolutionized the transportation industry. We will ask
