**March 10th 2020: Coincidence**

One thing is certain about coincidence. The phenomenon fascinates believers and skeptics alike. It's a porthole into one of the most interesting philosophical questions we can ask: Are the events of our lives ultimately objective or subjective? Is there a deeper order, an overarching purpose to the universe? Or are we the lucky accidents of evolution, living our precious but brief lives in a fundamentally random world that has only the meaning we choose to give it? Tune in and learn about coincidence and God.
