July 7th 2020: A Closer Look at Crypto Currency with Christian Escobedo

We may think that we don't have any options in many areas of our lives, especially when it comes to our financial life. We look at the interest rates going up and down depending on what the government decides to set it at. Well, as in many cases, there are already alternative options in place. Today we are going to take a deep dive into crypto currency - where it came from - how it works - and why it is in existence in the first place.
