### Today, Tomorrow's Technologies Archives Available

**July 7th 2020: Nuclear Energy / Molten Chloride  
Salt Fast Reactor**

It has been debated in the last few years that we need to enhance the US commitment to the development of Nuclear Power. At T3 we have devoted several podcasts on nuclear power both in the US and internationally. Concerns have been the safety of new reactors, costs, and the actual process to recycle nuclear waste. Today, we have two guests who are experts in advancement of nuclear energy. Our first guest is Mr. Ed Pheil, Chief Technology Officer & Co-Founder Elysium Industry in the US and Canada. Additionally, our second guest is Mr. Steve Curtis a nuclear energy expert with over 30 years.
