October 20th 2020: ENCORE Borders: The Work Horses of Visual Operations (5)

Borders are the work horses of operations—yet rarely utilized to their full potential. Over the past four shows, your host and visual expert, Gwendolyn Galsworth, mapped out the vital importance of borders—as one of the three elements of the visual where and its most powerful. Then she walked through the logic of borders and why you apply them to everything that casts a shadow—from easy-to-move items like benches and carts to items bolted in place like machines, tall shelves, and sinks. You also learned that, as you get smarter, your borders will get smarter, reflecting not only your operation
