

Unbuckled, with Intimacy Architect Christi Anne Bela
New shows weekly
November 6th 2020: Beneath the Surface of Behavior: Why you do, what you do.

Intimacy begins within! That's why Allen David Reed and Tahnee Woolf spent years in deep study and research to develop the Ten Terrains of Consciousness. Together, they have given humanity its guidebook and roadmap—a surprisingly optimistic vision of where we are heading. This model of spiritual evolution, which maps our personal and societal evolution from the most basic, fear-based, survival consciousness to the most expanded, love-based, Unity consciousness -- along a continuum of growth and expansion...and without any judgment about one stage being better than another. The Ten Terrains M

Featured Guests

Allen David Reed

American-born Allen David Reed is a true polymath. He was a pioneer in the field of virtual reality in Silicon Valley; has worked as an architect, builder, urban planner and environmental landscape designer; has extensive training in applied and quantum physics and all branches of science; is a historian, political analyst and philosopher deeply schooled and studied in divination science and the esoteric Gnostic arts; and is also a master dowser and shamanic intuitive. He has a genius for pattern recognition, problem solving and for seeing truths that others don't see. Allen has had a lifelong quest to integrate civilization and nature. This led him to half a century of deep study in the ancient

Tahnee Woolf

Australian Tahnee Woolf is a modern 'Renaissance woman'. She has been a corporate lawyer, Oxford scholar, screenwriter, radio show host, personal development coach, workshop facilitator, Feldenkrais Practitioner, high level writer, inspirational speaker and public speaking mentor. She is a gifted communicator, storyteller and linguist, and is highly skilled at reading human dynamics in all forms. She loves to hold space for deep sharing and growth in others, thrives on laughter and joy, and is a heart opener and inspirational spirit. Tahnee has always been passionate about understanding the differences between people and has spent much of her time studying what makes people tick — psychology
