December 5th 2020: How A Trail-Blazing STEM Mentor Is Revolutionizing Cybersecurity

The numbers of women & people of color are still a woefully small percentage of the IT and cyber/data/network/applications security workforce. Such lack of diversity results in weak and flawed IT, security and privacy practices, applications, networks, and data protection. Rebecca discusses the related issues with cybersecurity expert, industry leader & long-time mentor, Dr. Cheryl Cooper: • What is Dr. Cooper working to change in society with her mentoring work? • Many displaced workers in their 40s, 50s and beyond, with no IT or cybersecurity background would like to start a cybersecu

Featured Guest

Dr. Cheryl Cooper
Dr. Cooper is currently employed with T-Mobile Corporation as a Cybersecurity Engineer. She has 20 years of telecommunications and cybersecurity experience. As President of Women in Security (WinS) Mentors Inc., she advocates for women and minorities to pursue careers in cybersecurity through training and summits. Dr. Cooper brings unique experience from instructional to practical. She has spoken at many events and conferences, such as the Women in Telecom Conference following the event of the September 11th attacks on the World Trade Center, and also speaking on lessons learned at the International Engineering Consortium, and has been invited to speak on a number of industry panels on the
