

Turning Hard Times into Good Times

with Jay Taylor

Turning Hard Times into Good Times
Tuesday at 12 Noon Pacific
January 5th 2021: Dealing with the New Great Depression

Jim Rickards, Dr. Quinton Hennigh & Michael Oliver return. Denial is a state of mind used to avoid dealing with reality. We, Americans, have refused to deal with the mathematical reality & systemic pathology of piling debt on top of debt, much of which is owed to foreigners. After each market crash, neurotic policy makers have applied the same unsuccessful remedies while somehow expecting different results. Now America and its abusive currency are approaching the end of the road. COVID was the nail in the dollar coffin that has destined the dollar to the dustbin of history and ushered in the n

J. Michael Oliver

J. Michael Oliver entered the financial services industry in 1975 on the Futures side, joining E.F. Huttons International Commodity Division, NYC. He studied under David Johnson, head of Huttons Commodity Division and Chairman of the COMEX. In the 1980s Oliver began to develop his own momentumbased method of technical analysis. In 1987 Oliver, along with his futures client accounts Oliver had trading POA technically anticipated and captured the Crash. Oliver began to realize that his emergent momentumstructuralbased tools should be further developed into a full analytic methodology. In 1992 he was asked by the Financial VP and head of Wachovia Banks Trust Department to provide soft dollar res
