

Turning Hard Times into Good Times

with Jay Taylor

Turning Hard Times into Good Times
Tuesday at 12 Noon Pacific
January 19th 2021: Is Bitcoin your Financial Savior?

Alasdair Macleod & Michael Oliver return. Michael Timmins of Fury Gold Mines visits for the first time. It's clear to those not prone to groupthink that global central banks are rapidly racing their currencies toward the dustbin of history. Governments' deficits are growing exponentially. Rather than allowing interest rates to rise to levels required to fund those deficits, central banks match exponential growth of deficits with an exponential growth rate of money. Alasdair will talk of the impact an impending currency collapse disaster will have on our lives and what that will mean to the mas

J. Michael Oliver

J. Michael Oliver entered the financial services industry in 1975 on the Futures side, joining E.F. Huttons International Commodity Division, NYC. He studied under David Johnson, head of Huttons Commodity Division and Chairman of the COMEX. In the 1980s Oliver began to develop his own momentumbased method of technical analysis. In 1987 Oliver, along with his futures client accounts Oliver had trading POA technically anticipated and captured the Crash. Oliver began to realize that his emergent momentumstructuralbased tools should be further developed into a full analytic methodology. In 1992 he was asked by the Financial VP and head of Wachovia Banks Trust Department to provide soft dollar res
