

Turning Hard Times into Good Times

with Jay Taylor

Turning Hard Times into Good Times
Tuesday at 12 Noon Pacific
March 2nd 2021: The Future of Money is Gold

Alasdair Macleod, Chris Taylor & Michael Oliver return. Alasdair will explain why gold, not crypto currencies, is destined to replace fiat money because cryptos can only act as stores of value so long as fiat exists. Alasdair will explain how a world transacting with monetary gold and properly constituted gold substitutes works. Unbacked bank credit expansion in Roman law was ruled to be fraudulent 1,800 years ago and markets will demand that to happen again. Global fiat now sits on the precipice of self destruction but what is there to prevent the elite from devising a new fiat system that al

J. Michael Oliver

J. Michael Oliver entered the financial services industry in 1975 on the Futures side, joining E.F. Huttons International Commodity Division, NYC. He studied under David Johnson, head of Huttons Commodity Division and Chairman of the COMEX. In the 1980s Oliver began to develop his own momentumbased method of technical analysis. In 1987 Oliver, along with his futures client accounts Oliver had trading POA technically anticipated and captured the Crash. Oliver began to realize that his emergent momentumstructuralbased tools should be further developed into a full analytic methodology. In 1992 he was asked by the Financial VP and head of Wachovia Banks Trust Department to provide soft dollar res
