Frankly Speaking About Cancer with the Cancer Support Community

Tuesdays at 1 PM Pacific

**May 18th 2021: Spotlight on Skin Cancer:
Advanced SCC and BSSC Skin Cancers**

There are many forms of skin cancer, some better known than others. In this episode of our special series Spotlight on Skin Cancer, we are going to take a look at two forms of advanced skin cancer: advanced basal and squamous cell skin cancers. Joining us for this conversation are Dr. Robert Ferris and Dr. Emily Smith.

Dr. Emily Smith

Dr. Smith is a board-certified dermatologist and dermatopathologist on faculty at the University of Missouri-Columbia. She leads the multidisciplinary cutaneous oncology and oncodermatology program at Ellis Fischel Cancer Center. Her research efforts are focused on the early detection of skin cancer, using technology to improve early diagnosis, particularly for communities without access to dermatologic care.
