December 15th 2021: The Supply Chain Crisis from the Cyber Side

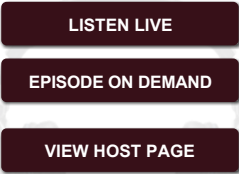

The US is in a dire supply chain crisis. According to the Federal Reserve, many parts of the country have been hurt by supply chain issues. Gas prices are hitting record highs. Goods are sitting in harbors, waiting for trucks to send them to their destinations. Consumers are seeing empty shelves all over the country. Perhaps most frightening of all, pharmacies are reportedly running out of prescription medications. The FDA has listed 100+ medications as being on backorder. According to one report, pharmacies are having to come up with creative ways to help their patients. Frankly, it's sca
