

**And Security For All**  
**Friday at 12 Noon Pacific**  
**January 7th 2022: Deploying Zero Trust in the Real World**

On this episode of And Security For All, Kim Hakim has Banyan Security professionals Den Jones, Chief Security Officer, and Carlos Martinez, Director Solutions Architecture, to expand on the topics of Zero Trust Security and a remote workforce. During this episode you'll hear from the security practitioners who were responsible for the zero trust strategy and implementation at two Fortune 500 global enterprises – Adobe and Cisco. They will share their experiences and tips for rolling out zero trust methodologies at scale while achieving regulatory compliance.

Featured Guests

**Den Jones**  
Den Jones brings a unique mix of leadership and IT implementation experience to Banyan as CSO. Drawing on more than 20 years of expertise driving IT and security initiatives at large enterprises, Den brings a valuable customer perspective to the leadership team. Den's vision and strategy for leveraging zero trust was executed at both Adobe and Cisco, protecting a combined 150,000+ workers and more than 300,000 devices. Den most recently served as Senior Director of Enterprise Security at Cisco, and prior to that as the Director of Enterprise Security at Adobe. Under his management, Den's teams delivered proactive enterprise-wide security services as well as customer-facing Directory and A

**Carlos Martinez**  
Carlos Martinez is Banyan Security's Director of Solutions Architecture. Prior to Banyan, Carlos was a lead IT architect at Cisco and Adobe, helping lead their Zero Trust initiative for the workforce. He is passionate about creating and balancing a seamless end-user experience while increasing the security posture of an organization. He holds a Bachelor's degree in Information Systems from the University of San Francisco.
