**Go Green Radio**  
**Friday at 9 AM Pacific**  
**April 29th 2022: Renewable Energy Options for Your Home**

Solar, wind, geothermal, hydro, and biomass are all renewable energy technologies with residential applications. Today we'll be joined by Anna DeSimone, author of "Live in a Home that Pays You Back," about what you need to know about these various technologies if you want to power your home in a sustainable way.
