**Task Force 7 Cyber Security Radio**  
**Monday at 5 PM Pacific**  
**May 16th 2022: Ep. 214: A View Into Disruptive Technology for Cyber Defenders**

Chief Product Officer of Strike Ready Anurag Gurtu joins co-host Andy Bonillo on Episode #214 of Task Force 7 Radio to discuss how Artificial Intelligence and StrikeReady's digital assistant is solving the cyber security talent shortage. We also discussed threat management and how the integrations of so many security domains practitioners, technologies, and processes all need to be working together seamlessly to accomplish a true impact. We finished the show with Anurag sharing lessons learned on starting a company. All this and much more on Episode #214 of Task Force 7 Radio.

#### Featured Guest

#### Anurag Gurtu

Anurag Gurtu is a successful entrepreneur in Silicon Valley and currently heads product management at StrikeReady. In the past, Mr. Gurtu ran Product Marketing for data science and machine learning division at Splunk. In 2015, Splunk acquired Mr. Gurtu's prior start-up where he helped define a new cyber-security market category called "User Behavioral Analytics (UBA)".
