Turning Hard Times into Good Times
Tuesday at 12 Noon Pacific
August 21st 2012: LIBOR Rigging? Why Would Gold Be Exempt?

Chris Powell of the Gold Anti Trust Action Committee (GATA) joins me once again to update us on the latest evidence of gold market manipulation by the U.S. Government and major bullion banks, who just happen to be major shareholders of the Fed. For more than a decade, GATA, a civil rights organization, has built a compelling case showing that members of the Clinton Administration and others have consciously set out to keep a lid on the price of gold to ensure the public does not opt out of the dollar in favor of gold as money. Alan Greenspan explained in his 1966 essay, "Gold & Economic Freed

Chris Powell

Chris Powell is a columnist for the Journal Inquirer, a daily newspaper in Manchester, Connecticut, where he has worked since graduating from high school in 1967. He was managing editor of the newspaper from 1974 until retiring from that position in February this year. His column is published in newspapers throughout Connecticut. He is also secretary/treasurer of the Gold AntiTrust Action Committee Inc., a nonprofit organization that aims to expose and oppose the manipulation of the gold market and related markets by central banks. He is a member of the Board of Directors of the Connecticut Council on Freedom of Information and was its legislative chairman for many years. He is also a member
