Tuesday at 12 Noon Pacific
November 27th 2012: Defining Austrian Economics and Its Role in American Economic Thought

Llewellyn Rockwell joins our show for the first time to talk about the Ludwig von Mises Institute and to help us understand its importance and what lies ahead if its message is ignored. What about the origin of the Mises Institute and the free market views of its namesake? From an Austrian economic perspective, what should the limits of government be both at home and abroad? Ron Paul has done a remarkable job at reeducating Americans toward the virtues of free market economics and motivated our youth to think in those terms. But are there new rising intellects in the Austrian movement that ma
