January 4th 2013: High Yields in Self-Storage Investing

In this episode of High Yield, we're going to explore the opportunities in self-storage investing. We're going to show you why self-storage has exploded over the past 30 years, and why the baby boom is going to be a big part of its continual climb. We're also going to show you how to identify, evaluate, perform due diligence on, negotiate, finance, turn-around and operate self-storage facilities. If you've ever had an interest in the self-storage industry, then this show is going to show you what the opportunities – and pitfalls – are in this high yield market niche. Don't miss this show!
