Vision Talk Radio with Dr. Bob Archives Available

November 13th 2014: Good Vision Is More Than 20/20

Our introductory broadcast will briefly describe the importance of vision as relates to education, sports and performance in the workplace. It is a lot more than just having 20/20. I'll be discussing a few interesting cases that I've treated with the use of spectacles and contact lenses This includes the treatment of a patient who walked into walls after brain surgery and how we treated her with prisms. Finally I'll be describing some of the content of the future shows and the guests that we have appearing, many of who are experts in their area of eye or vision care. These areas include las
