January 30th 2015: Engage Energy Review

This week on Engage with Andy Busch, we review the evolving energy story here in the U.S. and abroad. With oil prices dropping more than 50% since their peak last June, it's important to understand the market dynamics and energy policies at play that are affecting today's global economics and politics. We have three fantastic guests this week to help us review all things energy. Get the podcasts on iTunes after you download the free podcast app. Then search for "Engage with Andy Busch." Please go to www.andrewbusch.com to get the transcripts for these interviews. Also, check me out on

Featured Guests

John Kemp
John joined Reuters in 2008 as one of its first financial columnists, specialising in commodities and energy. While his main focus is on oil markets, he has written broadly on the emergence of commodities as an asset class, regulatory issues and macroeconomic themes.

Read more

James Lucier
James Lucier is a Managing Director at Capital Alpha Partners, LLC, where he leads the energy & environmental practice. Lucier provides predictive, insightful analysis of trends in Washington energy and climate policy for an array of clients including asset managers, private equity investors, commodity traders, and investment bankers.
