Get ready to blow your mind! My conversations with Dr. Epling always leave me feeling intrigued, hopeful about our small planet and wanting more. His research with plants and whether plants can "feel" are fascinating and will leave you KNOWING we are all connected. His latest research shows how one can shift from one level of consciousness to another within a grounded framework. On the show we'll ask you if you can sense where lively energy is blocked or life forces are dissipated? Answers to these questions vary from person to person. On this show we'll show you ways to develop
