**October 7th 2015: Transporting Your Factory**  
**into the Future Now - Part 2**

The buzz: Now! Attention, manufacturers. If it's a surprise that we're mid-way into the 4th industrial revolution, here's a news flash. Your manufacturing facility needs to take advantage of the exponential advances in technology, big data and innovations – or you'll soon be out of business. How can you catch up? Harness the power of in-memory computing, IoT, wearable technologies, additive manufacturing and predictive capabilities. And stop underestimating customers' evolving expectations (your competition isn't). The experts speak. Mark Frank, Deloitte: "Vision without execution is just hall
