Tuesday at 12 Noon Pacific  
**October 4th 2016: Is Brexit the Start of a Global Movement?**

Richard Maybury, Eric Coffin and Michael Oliver return. The Brexit vote was a shock to the establishment. But Donald Trump also has the arrogant elite scratching their heads. Similar reactionary movements are displayed throughout Europe including Germany and France. Increasingly, people are protesting loss of liberty and their declining standard of living resulting from tyrannical governments. Is there a reason for those who cherish liberty to take solace from the rise of Donald Trump, Brexit and other anti-establishment moves throughout Europe? Or might this movement beget even harsher tyra

**Richard J. Maybury**

Richard J. Maybury is the publisher of U.S. World Early Warning Report for Investors. He has written several entrylevel, common sense books on United States economics, law, and history. His writing style is mostly in an epistolary form, usually as an uncle writing to his nephew, answering questions. Maybury had taught economics in high school. Failing to find a book with a clear explanation of economics, he wrote one himself. Some of his books include Uncle Eric Talks About Personal, Career Financial Security a book that is basically the foundation for his other books about the model perspective Higher Law, Whatever Happened to Penny Candy a book that explains the history of the United Sta

**Eric Coffin**

Eric Coffin is the editor of the HRA Hard Rock Analyst family of publications. Responsible for the financial analysis side of HRA, Coffin has a degree in corporate and investment finance. He has extensive experience in merger and acquisitions and small company financing and promotion. For many years, he tracked the financial performance and funding of all exchangelisted Canadian mining companies and has helped with the formation of several successful exploration ventures. Coffin was one of the first analysts to point out the disastrous effects of gold hedging and gold loan capital financing in 1997. He also predicted the start of the current secular bull market in commodities based on the mo
