January 10th 2017: The iPhone Turns 10

The iPhone 10 years ago was primitive, but revolutionary. It still has a long way to go; Amazon has 45,000 robots in its warehouses and growing 50% a year; Amazon's Alexa is the star of the 2017 CES in Las Vegas with an increasing acceptance of use in home appliances; Amazon Prime membership reaches 54 million, 46% of US householders driving the membership trends; This trend drives Alexa usage and subsequently Amazon Sales; The 2016 startups that raised very substantial investment. How will they fare? My guest today is Greg Wendt, expert advisor on the subject of sustainable investment.
