Meagan Pollock

Dr. Meagan Pollock is the Director of Professional Development for the National Alliance for Partnerships in Equity. In this role, Meagan leads a national team of equity professionals that build educators' capacity to implement effective solutions for increasing student access, educational equity and workforce diversity. Before turning her focus on the intersection of education and equity, Meagan worked as an engineer for Texas Instruments. Meagan was a National Science Foundation Graduate Research Fellow, and she holds a PhD in engineering education from Purdue University, a MS in electrical engineering from Texas Tech University, and a BS in computer science from Texas Woman's University
