The Ellis Martin Report

The Ellis Martin Report Archives Available

September 14th 2017:David Morgan: Cash In, Cash Out, or Dive In?

In this episode of The Ellis Martin Report, returning guest David Morgan offers his opinion on how investors should consider positioning themselves for the coming weeks and months. What viewpoint is the best? There are more than one. Western Copper and Gold's (NYSE/TSX:WRN) Paul West Sell's discusses the positive impact of the Canadian Federal Government's pledge of \$360 mil for new infrastructure roads in the Yukon. One third of these funds are earmarked for the Casino Access Road. Western Copper and Gold has been called the number one copper project in the world by Goldman Sachs. Prim

David Morgan

A precious metals aficionado armed with degrees in finance and engineering, he created TheMorganReport.com website and originated The Morgan Report, a monthly that covers economic news, overall financial health of the global economy, currency problems, and the key reasons for investing in the Resource Sector. David considers himself a big-picture macroeconomist whose main job is education—educating people about honest money and the benefits of a sound financial system.
