Breaking Banks Fintech Thursday at 12 Noon Pacific

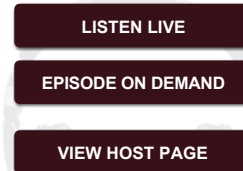

September 14th 2017: Apple Announcement, Alternative Data, and Finovate Insights

Brett King hosts Brian Roemmele as he phones in from the Apple headquarters to tell us all about Apples new iPhone8, iPhoneX and what those innovations could mean for how we think about security and identity. Then he talks to Luke Jacobi and Luke Zientowski from Bendinga and their thoughts on alternative data in the credit and security landscape. And then he wanders around Fintech Week NYC talking to Melanie Shapiro from Token, Julie Godfrey from Samsung, and Pascal Bouvier from Santander. And he finishes up with a fan- Mahesh Raghavan!

Featured Guest

Brian Roemmele

Brian has been working inside just about every part of the payments and technology industry since 1986. From leading large sales teams, to writing computer code for unique solutions on to founders and CEO functions. His current focus is on working with startup and legacy technology companies to best understand how the future of payments will impact their business plans. Check out Brian here- <https://www.quora.com/How-did-Brian-Roemmele-become-a-payments-expert>
