My fascination with skincare started when I was a teenager, I knew growing up in a very hot and dry climate would takes it's toll on my skin but I loved being outdoors and in the sun, so prevention was key. My guests today are three very successful Plastic Surgeons who work together in Las Vegas and saw an opportunity to develop a skin care line that combines science and technology so you could have the most healthy, youthful and BEaUtiful skin with there newly launched line, FIXMD.
