Dr. Carole's Couch

Tuesday at 1 PM Pacific

November 07th 2017: **Two Troubled Boys with Opposite Outcomes**

Today's show looks at two men with troubled beginnings who became polar opposites: one a mass murderer and one a scientific advisor to presidents. The murderer was Devin Patrick Kelley, who made headlines for shooting up a Texas church. The scientist is Mark Kingston Levin. Both came from dysfunctional homes and showed signs of trouble from an early age. But, Devin fell through the cracks and manifested psychopathology, including: cruelty to animals, domestic violence, a mental hospital escape and ultimately mass murder. Mark's childhood trauma was his father's early death and his mother's rem

Featured Guest

Mark Kingston Levin, Ph.D.

Dr. Levin was born and grew up in Vermont with many winters spent in Florida as a child. As a teenager, he wrote poetry, served as a lifeguard and played football. He currently enjoys sailing, exploring underwater caves, snorkeling, writing science fiction and other pursuits. After working on the Apollo and Mars projects, he decided to return to school to study under Nobel Laureate Paul Dirac, obtaining his Ph.D. in 2.5 years. Dr. Levin founded two companies and served as a science advisor to President Ford. He has published over 44 times in the scientific literature and was awarded over 32 US Patents. As a science fiction writer, he is now emerging with his first work, a trilogy entitled,
