In the context of the changes we anticipate in the coming years from population growth in Africa to climate incidents to block chain, what is required of leaders now in this era. There is nothing we can do to protect ourselves if we are not protecting each other globally. As we consider climate incident, civil unrest and economic stability, we are impacted by forces we can not control or even mitigate. While we have talked about interconnection for years, we are entering an era where we as leaders need to consider the consequences of our economic decisions. We as consumers and leaders
