Data Security and Privacy with the Privacy Professor

New shows the first Saturday of each month at 8 AM Pacific

December 11th 2018: Is Anonymization Possible with Current Technologies?

What is possible with regard to de-identification and anonymization? Will anonymization be sufficient only for today? Or, will it keep the data anonymized for decades to come; possibly beyond? What is necessary to minimize re-identification risks? What do you need to know about anonymization before agreeing to allow your health data to be used for research? In this episode Rebecca speaks with world-renowned de-identification and anonymization expert, Dr. Khaled El Emam about anonymization, de-identification, re-identification risks, and related topics. Dr. El Emam has done extensive re
