### Data Security and Privacy with the Privacy Professor

New shows the first Saturday of each month at 8 AM Pacific

**April 23rd 2019: Hotel Data Security and Privacy**

There are growing concerns about privacy and the security of data provided to hotels, along with increasing safety concerns. • How many different entities get your personal data when you check into a hotel? • How many third parties have access to your personal data through the hotel? • What types of activities that you do in your room that are often put into the hotel system? • What types of actions can hotels take to help them improve their systems and data security and better protect the privacy of their guests? • What are the most challenging requirements within regulations such as
