February 14th 2020: The Kinetic Enterprise: Clean and Intelligent with Platform First

Today, more than ever, being agile is critical for businesses—essential for adapting to and responding to the rapid evolution of technology capabilities and market dynamics. Technical debt—such as heavily customized, difficult-to-maintain ERP code—can be one of the biggest limiting factors when it comes to enabling a truly agile business. Find out how companies can move toward a “clean ERP” approach and support the “built to evolve” Kinetic Enterprise™—an intelligent, cloud-enabled enterprise capable of responding at the pace of disruption. Get insights that can help you take a more strategic
