**Data Security and Privacy with the Privacy Professor**  
New shows the first Saturday of each month at 8 AM Pacific  
**March 7th 2020: How Poor Tech Security & Misinformation Upend Elections**

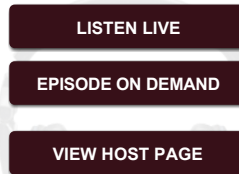

Listen in to hear Rebecca speak with elections security expert Theresa Payton about elections security, safeguarding voting machines, and the types of attempts to disrupt or even change the results of elections. Some of the topics covered include: • What are some key points to understand about the tech and other problems in the Iowa caucuses? • In what ways do nation states, and other malicious actors, try to manipulate elections results? • How can voters recognize manipulation campaigns? • What favorite online marketing tool is being widely used to spread misinformation during election se
