What do we know about Nuclear Energy? As we continue to rely on renewable fuels, such as solar, wind, bio, wave technology and others are we missing the best renewal fuel? Nuclear energy, I believe is being overlooked as we decide to go green in the US. Climate change has impacted our lives, but are we addressing the real causes? Do we know the energy saving and output for our green revolution? Our guest today, are Mr. Steven Curtis and Mr. Tom Dolan, leading advocates for the use of nuclear energy and recycling nuclear fuel. I invited you, to test your nuclear energy knowledge by goi
